Sew this to the 2.5" x 4.5" rectangle

Lay out units as shown above and sew together

This block is scrappy reds so get out your left over holiday reds and any other reds scraps you may have. All shades of red from light red to deep burgundy are good. This includes pattern fabrics. A small amount of blacks in the pattern fabrics is ok but no whites or creams please.

As quilters we know reds can be viewed as a neutral.

- Hint : The winner or winners of these blocks could of course create an all red quilt or add white for a classic red and white quilt. Add blue to the red and white and go patriot. Add pink to them and you have valentines. There are endless possibilities with an all red blocks collection.
