

CVQG BLOCK OF THE MONTH for SEPTEMBER, 2019

FABRIC REQUIREMENTS

From EACH of FOUR COLORS: Cut 4 @ 2" x 5"

From a White on White: Cut 4 @ 2" x 5"

1 @ 3-1/2" square

ASSEMBLY:

Join a colored piece to each long side of a white rectangle; join the remaining colored pieces to the top and bottom so that the white piece is enclosed.

PARTIAL SEAM CONSTRUCTION:

Sew an inch and a half (approximately) seam joining one of the colored rectangle blocks to the 3-1/2" square white piece. After that's done you sew the next colored rectangle along the whole length of the just-formed piece. Continue joining the colored rectangles to the white square, ending with the completion of the original partial seam.

You should have a 12-1/2" block to turn in.
